

CELIO - CELIO - SERVICE CENTER

CDS OFFSHORE - SAP COMMERCE

➤ CONTEXT AND ISSUES

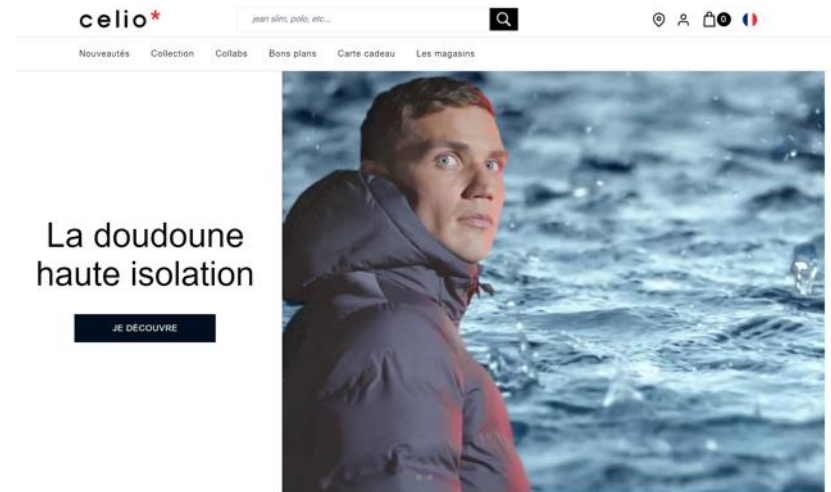

Célio, a French men's ready-to-wear company, is facing a digital transition, changes in store traffic and an increasingly demanding clientele.

In order to best ensure this digital transition, Célio wants to improve its e-commerce site, while optimizing costs.

➤ RESULTS

- Cost control
- High level of quality in development and testing,
- Flexibility of the device (particularly appreciated in the Covid context)
